CLUB "T"-MG

SPRING TOUR TO LEMAY IN MAY

America's Car

Museum

A gleaming beacon above the city of Tacoma's growing city, LeMay - America's Car Museum® will be a technologically advanced, interactive automotive museum and educational center that will showcase the cultural impact of cars, motorcycles and trucks on our uniquely American way of life.

America's Car Museum will be:

• A gathering place where enthusiasts from around the world will come to

✧ LeMay Car Museum ✧

The LeMay Museum is open to the public year-round for tours of over 300 collector cars on the grounds of the former Marymount Military Academy.

LeMay in May

by Ron Evans

The Club will caravan to Tacoma to the LeMay Car Museum on Saturday, May 22nd. We will meet the rest stop at Milepost 11 on I-5 north of Vancouver at about 9:00am. We will try to be on the road at 9:30. It is about 120 miles to the Museum.

The Lemay Museum has over 300 cars and is the largest privately owned vehicle collection in the world. We will be escorted through the Museum

but there will be plenty of time for just looking. It normally takes about two hours to go through the two buildings of the Museum.

celebrate America's love affair with the automobile. • An education center to promote the automotive history, restoration, and preservation.

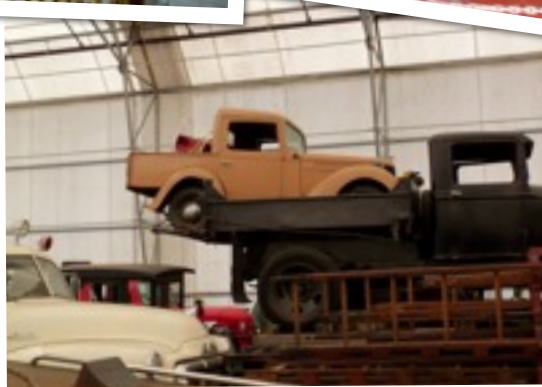

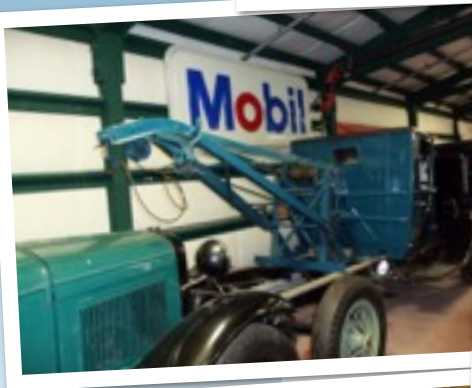

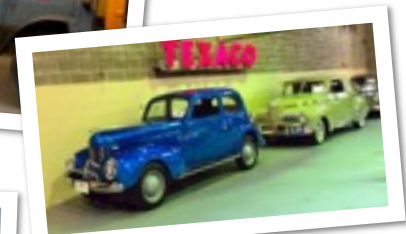

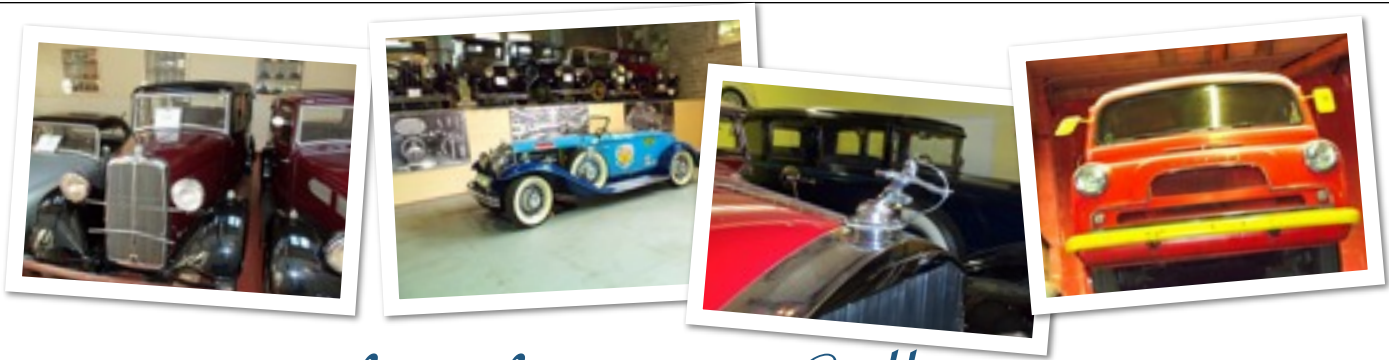

New LeMay Car Museum

Based on the LeMay Collection, currently consisting of over 2,300 cars, the new Museum will ultimately house 500 diverse vehicles, spanning a century of automotive history and the future of our transportation system.

Upon completion, this \$60 million project will be the largest auto museum and attraction in the world, and will bring an estimated 425,000 visitors and some \$34,000,000 to the local economy annually.

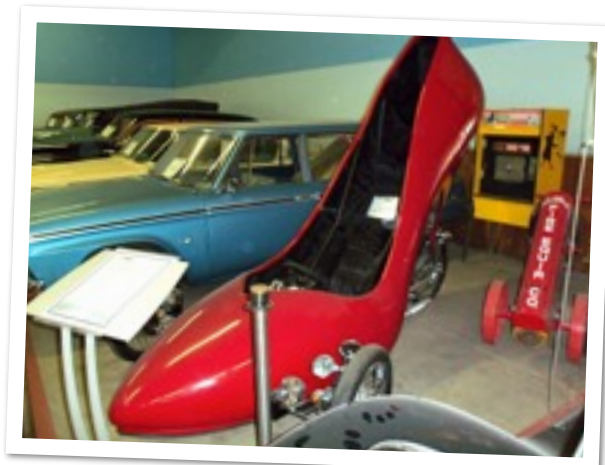

LET'S GO!

An Amazing Collection

The new American Car Museum will be a creator of social networks for automotive enthusiasts, serious collectors and educational entities through promotion of, and active involvement in, automobile-related activities around the world and online. It will also be a showcase for the transportation industry to portray present achievements and future directions in design, technology and products.

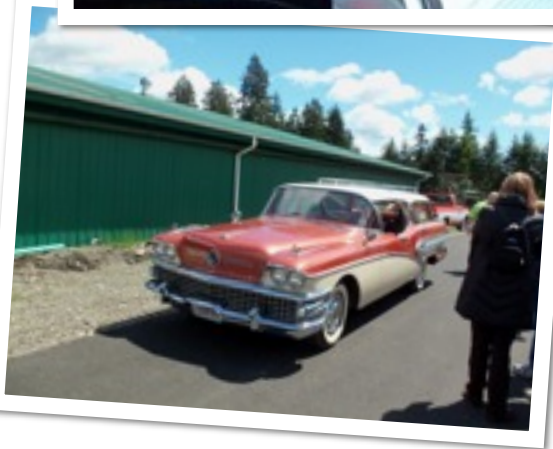

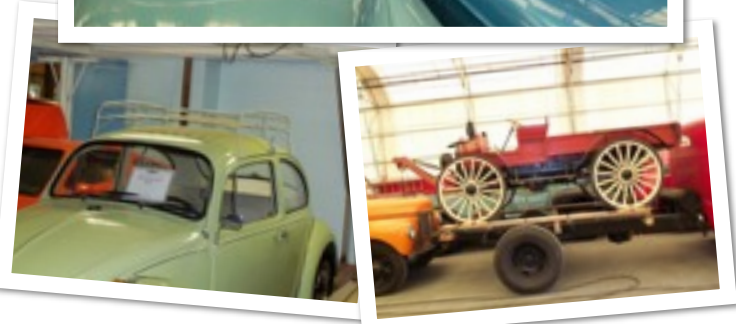

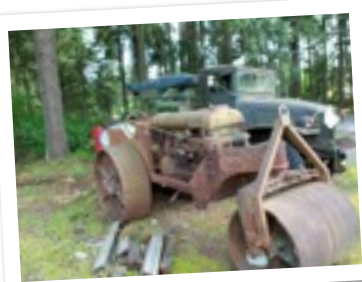

Club 'T' - MG Travels to Tacoma

Club members of 'T'—MG enjoyed looking at all the cars.

Want to go again?

The Museum will be built on the premise that there is an important and unique story to tell, involving the past, the present and the future. As a result, we will create a place that attracts young and old alike, inspires and delights everyone who enters, and help will educate and help shape the drivers of the future.
